

# IoPP Wisconsin Chapter

*invites you to...*

## EPISODE III

**Tuesday, February 13th, 2018**

Once again we will be hosting this fun and informative event to test your knowledge of packaging across a wide range of applications. Seasoned veterans as well as those just beginning their careers in packaging will be challenged to answer some tough packaging questions. The questions are part of the IoPP Certification (CPP) program so whether you are thinking of becoming certified, are already certified or just interested in increasing your packaging brain power, I guarantee you will come away with some new insights, surprises, and appreciation of the world of packaging.

**\*\*\*Pizza and soft drinks will be served during the event\*\*\***
