Q3 2011 Update

- In this Issue -

1. A letter from the President
2. CIC By-Laws and Other Important Info.
3. Upcoming Tours and Activities
4. List of the 2011 Board of Directors

Hello and Happy Summer to our CIC IoPP members and friends,

For those who were not able to make the Sun King Brewing Co. or Acquire Automation tours you missed two great ones.

Sun King Brewing, a small startup microbrew here in Indy, showed us a good time with free beverage testing and a walking tour of their fermenting and packaging areas. In addition to the free live music - my personal favorites were the brewing tanks and the manual operation for taste testing and filling of growlers (jugs). It showed that you don't have to have super-automated packaging to produce a great product and bring happiness to the masses. Thanks Sun King for your hospitality.

We also visited Acquire Automation / Clarke Engineering Services on 12 May and toured their brand new facility. We got a sneak peek of their vision system testing area as well as a new line that was testing vials. Marylou Riley, Clarke Engineering associate and Lilly contractor, along with her co-workers made the visit extra special by providing a Mexican feast with desserts. Thank you to the Acquire and Clarke folks for making our visit special.

In other Chapter news, Latrice Harris, a long time member of the CIC IoPP and current treasurer will be stepping down to pursue a new job in San Antonio, TX. Please join me in thanking Latrice for her service to the CIC and wishing her the best of luck with her next career step.

If you have an interest in finishing out Latrice's term (through Q2 2012) or volunteering as a Standing Committee Chairperson please respond to this email with Nominating Chairperson in the subject heading. Include your phone number, email and position you would like to Chair or assist with. Laurie Shafer will direct the emails to our Nomination Committee (Chairperson - Wayne Funk) for appointment evaluation. Available chairperson positions are indicated at the end of this newsletter.

The annual golf outing has been tentatively scheduled for 07 Oct 2011 at Valle Vista Golf and Conference Center in Greenwood, IN. Please save the date. More information coming soon.

In closing, we continue to seek your input on activities (tours, speakers, etc.) that you'd like to see offered. If you know of a company in the Central Indiana area that would be interesting for packaging professionals to tour, please reply to our Webmaster with details. Your help is appreciated.

Sincerely,

Matthew J. Moon

CIC IoPP President
