## **Missouri Gateway Chapter Meeting**

Today, Chocolate Chocolate Chocolate Company is an award-winning 2nd generation chocolate company. At the heart of the company is a family of candy makers who work alongside a talented staff of artisan chocolatiers with over 100 years of combined confectionery experience. Original recipes from the turn of the century are slowly cooked into copper kettles and stirred by hand. Chocolates are hand decorated or 'striped' and polished before packaged into boxes. Premium ingredients are used in all of our chocolates including fresh whole milk, fresh whipping cream, pure cane sugar, grade AA butter, pure Madagascar Vanilla, fresh fruit and all natural milk and dark chocolate made with Fair Trade Certified<sup>TM</sup> ingredients.
