

PROOF OF PATENT

Offer proof of a patent. The candidate may submit proof of a patent granted within the past 5 years and not previously used for certification or re-certification. The cover page of the patent showing the date of patent, patent number and candidate's name, followed by at least the first five pages of the patent. Patents should demonstrate physical and/or mental effort by the individual in the area of packaging machinery, packaging processes, packaging materials or package design. Co-inventor patents are not accepted as one of the two accepted requirements. If the resume of activities is chosen along with this option, the points for the solely owned submitted patent will not be allowed on the resume.

A co-inventor of a patent, will be credited as half the points on the Resume of Activities.
